

These are the steps to a good footprint:

1. Get your supplies ready
2. Sit down on the floor
3. Take your shoes and socks off
4. Dab the paint on the bottom of your foot with the cloth.
Dab, dab, dab
Don't forget your toes!
5. PRESS your foot on the paper
6. Voila! Your footprint
8. Wipe the extra paint off your foot with the towel.
9. If you like, send your footprint to Ollie for the collection
(please write your first name, age and where you live
on the page with your footprint)
10. (If you don't get a good footprint the first time,
you can try again).

Footprinting Supplies:

1. Paint
2. Water
3. Towel
